

**ENVIRONMENTAL PROTECTION AGENCY****40 CFR Part 300**

[FRL-7019-7]

**National Oil and Hazardous Substance Pollution Contingency Plan; National Priorities List****AGENCY:** Environmental Protection Agency.**ACTION:** Notice of intent to delete the Sussex County Landfill No. 5 Superfund Site from the National Priorities List.

**SUMMARY:** The Environmental Protection Agency (EPA) Region III is issuing a notice of intent to delete the Sussex County Landfill No. 5 Superfund Site (Site) located in Sussex County near Laurel, DE, from the National Priorities List (NPL) and requests public comments on this notice of intent. The NPL, promulgated pursuant to Section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended, is found at Appendix B of 40 CFR Part 300 of the National Oil and Hazardous Substances Pollution Contingency Plan (NCP). The EPA and the State of Delaware, through the Delaware Department of Natural Resources and Environmental Control, have determined that all appropriate response actions under CERCLA, other than operation and maintenance and five-year reviews, have been completed. However, this deletion does not preclude future actions under Superfund.

In the "Rules and Regulations" Section of today's **Federal Register**, we are publishing a direct final notice of deletion of the Sussex County Landfill No. 5 Superfund Site without prior notice of intent to delete because we view this as a noncontroversial revision and anticipate no adverse comment. We have explained our reasons for this deletion in the preamble to the direct final deletion. If we do not receive any adverse comment(s) on the direct final notice of deletion, we will not take further action on this notice of intent to delete. If we receive adverse comment(s), we will withdraw the direct final notice of deletion and it will not take effect. We will, as appropriate, address all public comments in a subsequent final deletion notice based on this notice of intent to delete. We will not institute a second comment period on this notice of intent to delete. Any parties interested in commenting must do so at this time. For additional information, see the Direct Final Notice

of Deletion which is located in the Rules section of this **Federal Register**.

**DATES:** Comments concerning this Site must be received by August 29, 2001.**ADDRESSES:** Written comments should be addressed to: Richard Kuhn, Community Involvement Coordinator, U.S. EPA Region III (3HS43), 1650 Arch Street, Philadelphia, PA 19103-2029, (215) 814-3063 or 1-800-352-1973 ext. 4-3063.**FOR FURTHER INFORMATION CONTACT:** Humberto J. Monsalvo, Jr., Remedial Project Manager, U.S. EPA Region III (3HS23), 1650 Arch Street, Philadelphia, PA 19103-2029, (215) 814-2163 or 1-800-352-1973 ext. 4-2163.**SUPPLEMENTARY INFORMATION:** For additional information, see the Direct Final Notice of Deletion which is located in the Rules section of this **Federal Register**.

*Information Repositories:* Repositories have been established to provide detailed information concerning this decision at the following addresses: U.S. EPA Region III, Regional Center for Environmental Information (RCEI), 1650 Arch Street (2nd Floor), Philadelphia, PA 19103-2029, (215) 814-5254, Monday through Friday 8 a.m. to 5:00 p.m.; Laurel Public Library, 6 E. Fourth Street, Laurel, DE 19956, (302) 875-3184, Monday through Thursday 10 a.m. to 8 p.m., Friday 10 a.m. to 5 p.m., Saturday 10 a.m. to 2 p.m.; Delaware Department of Natural Resources and Environmental Control, Division of Air and Waste Management, 391 Lukens Drive, Riveredge Industrial Park, New Castle, DE 19720, (302) 395-2600, Monday through Friday 8 a.m. to 4 p.m.

## ENVIRONMENTAL PROTECTION AGENCY

### 40 CFR Part 434

[FRL-7019-2]

#### Notice of Data Availability; Coal Mining Point Source Category; Amendments to Effluent Limitations Guidelines and New Source Performance Standards

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of data availability.

**SUMMARY:** On April 11, 2000 (65 FR 19440), EPA published proposed amendments to effluent limitations guidelines and standards for the coal mining point source category (40 CFR part 434). EPA proposed to add two new subparts to the existing regulations, the Coal Remining Subcategory (Subpart G) and the Western Alkaline Coal Mining Subcategory (Subpart H).

In the proposal, EPA specifically solicited comment on 18 issues, in addition to a general comment solicitation on all aspects of the proposed regulation. EPA received comments from various stakeholders, including state, tribal and federal regulatory authorities, environmental groups, and industry groups.

In response to the general comment solicitation, EPA received comments and data on aspects of the proposal for which EPA did not specifically solicit comment. Due to comments received, EPA is considering changes to certain aspects of the proposed Coal Remining Subcategory. Today, EPA is making these data and comments available for public review and comment.

**DATES:** Submit your comments by August 29, 2001.

**ADDRESSES:** Submit comments to Mr. John Tinger at the following address: U.S. EPA, Engineering and Analysis Division (4303), 1200 Pennsylvania Ave., NW., Washington, DC 20460. Comments sent via courier or Federal Express should be sent to: John Tinger, U.S. EPA, Engineering and Analysis Division (4303), Room 615 West Tower, 401 M St., SW., Washington, DC 20460. You are encouraged to submit comments electronically to Tinger.John@epa.gov.

The data and information being announced today are available for review in the EPA Water Docket at EPA Headquarters at Waterside Mall, Room EB-57, 401 M St., SW., Washington, DC 20460. For access to the docket materials, call (202) 260-3027 between 9:00 a.m. and 4:00 p.m. for an appointment. A reasonable fee may be charged for copying.

**FOR FURTHER INFORMATION CONTACT:** Mr. John Tinger at (202) 260-4992 or at the following e-mail address: Tinger.John@epa.gov.

#### SUPPLEMENTARY INFORMATION:

##### Contents of This Document

- I. Purpose of this Notice
- II. Background
- III. Date of Applicability for Remining Operations
- IV. Alternative Limits for Solids in Pre-existing Discharges
- V. Summary of Comment Solicitation

#### I. Purpose of This Notice

On April 11, 2000, EPA published proposed amendments to effluent limitations guidelines and standards for the coal mining point source category (65 FR 19440). EPA proposed to add provisions for two new subcategories, the Coal Remining Subcategory and the Western Alkaline Coal Mining Subcategory. In today's notice, EPA is providing a discussion of options relating to specific issues raised by commenters on the remining subcategory that were not presented in the proposal. EPA is presenting these comments and the options that EPA is considering for the final rulemaking. EPA solicits comments on these options and on the related comments and data collected since proposal. Specifically, EPA is soliciting comment on the effective date of the Remining Subcategory and on alternative effluent limits for solids.

#### II. Background

Coal mining in the eastern United States has been an important industry for several centuries. The lack of adequate environmental controls, until recently, has produced hundreds of thousands of acres of abandoned mine land (AML). Prior to passage of the Surface Mining Control and Reclamation Act (SMCRA) in 1977, reclamation of coal mining sites was not a federal requirement, and drainage from AML has become a significant water quality problem in Appalachia.

Based on information supplied by the Interstate Mining Compact Commission (IMCC) and the Office of Surface Mining (OSM) Abandoned Mine Land Inventory System, EPA estimates there currently are over 1.1 million acres of abandoned coal mine lands in the United States. These have produced over 9,709 miles of streams polluted by acid mine drainage. In addition, there are over 18,000 miles of abandoned highwalls, 16,326 acres of dangerous piles and embankments, and 874 dangerous impoundments. Of the land disturbed by coal mining between 1930 and 1971,
